

# IMPORTANT

- 1.** Your submitted file will only be used for information that is printed on top of your keycaps.  
**For choosing the keycap colors, please use the online customizer to specify what keycap colors you want and where you want them.**
- 2.** Please remember to include all text color information in your file.  
If you want that specific text printed in white, please make it white on your file, etc...  
**If you send us a file with all black text/legends, we will print it in all black.**
- 3.** **We will process custom file orders without sending a preview/proof.** If you would like a preview before your order is processed, please put a note in the comments or email us.
- 4.** To avoid delays and errors in your order you must convert all of your fonts and text to vector data  
Before saving and uploading your file: **select all of your text**; go to **Object > Expand...**  
To remove this message and get started, please toggle the eyeball off on the "message" layer
